Nairobi, Kenya

PROFESSIONAL PROFILE

Third-year Bachelor of Science in Statistics and Computer Science student at the Technical University of Mombasa with a growing foundation in software development, data, and technology. Hands-on experience with HTML, CSS, JavaScript and SQL, with a strong interest in cloud computing and emerging technologies. A fast learner with an analytical mindset and a passion for using technology to solve practical problems. Seeking to develop industry-ready cloud skills through the AWS re/Start program and build a career in cloud and Information Technology.

KEY SKILLS

Cloud Computing Fundamentals

HTML & CSS

JavaScript

Web Development

Database Fundamentals

Data Analysis & Statistics

Problem Solving

Analytical Thinking

Communication & Teamwork

Computer & IT Fundamentals

Fast Learning & Adaptability

EDUCATION

Bachelor of Science in Statistics and Computer Science

Technical University of Mombasa

Relevant areas of study include:

Programming

Database Systems analysis and design

Web Development

Statistics and Data Analysis

Computer Systems

Information Technology

Secondary Education:

Ndivisi Boys High School

TECHNICAL EXPERIENCE

Web Development Projects

Developed and worked with websites using HTML, CSS, and JavaScript.

Applied front-end development concepts to create structured and interactive web pages.

Practiced debugging and problem-solving while developing web applications.

Database Design & Systems Coursework

Worked on database design and normalization concepts.

Developed understanding of entities, relationships, attributes, and structured data.

RELEVANT STRENGTHS

Strong interest in cloud computing and modern technology.

Analytical mindset being developed through Statistics and Computer Science.

Able to learn new technical concepts independently.

Strong problem-solving and logical-thinking ability.

Interested in understanding how technology can solve real-world problems.

Comfortable learning through both theory and practical application.

Motivated to develop professional skills and gain industry experience.

CAREER OBJECTIVE

To build strong practical skills in cloud computing, networking, security, and IT infrastructure through the AWS re/Start program. My goal is to develop the technical and professional capabilities required to pursue an entry-level cloud or IT career and eventually grow into a highly skilled cloud professional.
